This week has been really busy, the learners loved going to garden centre to see the fish and bought a few more plants. They had fun in drama and music and really enjoyed continuing with the self-reflection papier Mache heads. They always enjoy going to see Oscar and the chickens. The highlight of the week has got to be going bowling, the guys had so much fun and proved how much fun they have been missing out on. The learners really enjoyed having the chance to have a takeaway for the last day of term.
